

# Jiu - Special Investigation Team

Motoko Isaki and Misaki Kadokura are members of the MPD Special Investigations Team (SIT). The SIT is responsible for handling abduction and hostage situations and other ongoing crimes. Motoko is a member of the assault team while Misaki assists with negotiations.

One day, the two respond to a report of a hostage situation – a woman is being held at knifepoint inside a council hall. Motoko is at the scene wearing a tactical suit. At SIT headquarters, chief clerk Kensuke Asai makes contact with the hostage taker and persuades him to accept some food under two conditions: the delivery person must be a young woman and all officers around the building must withdraw. Asai agrees and decides to send Misaki in while Motoko covers her.

How will Misaki handle the negotiations?

And what will Motoko do?
