

PRESSURE RELAY!

A spin-off game of 'Pressure Study!'

A team of 10 members lined on steps give picture clues to the last member on the top to guess what the drawing is. The trick is that it is a 'relay' of drawing a picture without lifting your pen from the board. Each member has only 15 seconds. General knowledge, a quick mind, and inspiration are the keys to winning.

- can also be done in guessing famous people, etc. by writing in one word clues.
