

# PRESSURE STUDY!

## Remember school?

10 members make up one team. Teams will answer 10 questions in the order they seat themselves and in a limited amount of time. Answer enough questions and qualify for a shot at the Grand Prize in the Finals. But it won't be easy. The Finals are based on sudden death rules and one wrong answer will mean going back home empty-handed.

Teamwork, strategy, and a constant eye on the clock are all keys to the success of the competitors.
