NOISY NEIGHBORS

 tv asahi
format

Eavesdropping on a neighbor is a crime but it becomes fun when it's made into an unprecedented TV game!

Two neighboring families; a family of a father, a mother and a daughter living next to each other in the same apartment with the same items compete against each other by guessing the noises that are made by the other family.

Each family takes turns by selecting an item, giving off a sound while the other family eavesdrops and tries to guess what it is. A thin wall divides the families, and they are glued to the wall to identify the sounds of everyday things like snacks, appliances, pots and pans, stationery, and toys. The unexpected sounds these items produce are key to the fun of the game.

Time limit for eavesdropping is one minute. Correct guesses are rewarded with a point but a big balloon explodes for a wrong guess.

Round 1
guess one item at a time

Round 2
guess three items at a time
in the correct order

Everyone watching the show is bound to become ALL EARS!

A simple but irresistible fun game to be enjoyed by the whole family !
